Die den deutschen Werkstoffen gegenübergestellten Werkstoffe nach anderen Normen können zum Teil nur näherungsweise verglichen werden. Die Austauschbarkeit der verglichenen Werkstoffe muß im Einzelfall beurteilt werden. *Only an approximate comparison can be made between materials referenced to German materials under different Standards. Whether the materials being compared are interchangeable must be assessed in each individual case.*

1) AISI = American Iron and Steel Institute

2) UNS = Unified Numbering Systems

3) SS = Swedish Standard

4) AFNOR = Association Frangaise deNormalisation

5) BS = British Standard
